

**Greenlink Box Hill Inc**  
**"Local plants for local places"**  
**Plant Listing**

The following is a listing of some of the plants that are indigenous to Whitehorse. It is not a complete listing but does reflect the plants that may be available from the Greenlink Nursery, which is located at 41 Wimmera St, Box Hill North and is open on Tuesdays 9:00am - midday (other times by arrangement). Contact Lorraine on 9808 8471.

**Grasses, Groundcovers, Sedges and Climbers**

<b>Species</b>	<b>Common Name</b>	<b>Conditions</b>	<b>Size (metres) or type of plant</b>	<b>Soil type &amp; Other information</b>
<i>Acaena novae-zelandiae</i>	Bidgee Widgee	fpn	0.2	Burrs
<i>Amphibromus fluitans</i>	Graceful Swamp Wallaby Grass	p	grass	moist soil
<i>Arthropodium milleflorum</i>	Pale Vanilla Lily	fp	lily	moist soil
<i>Arthropodium strictum</i>	Chocolate Lily	fp	lily	well drained soil
<i>Atriplex semibaccata</i>	Berry or Creeping Saltbush	fp	0.1	well drained soil
<i>Austrodanthonia</i> spp.	Wallaby Grass	fp	grass	several species - mostly well drained soil
<i>Austrostipa</i> spp.	Spear Grass	fp	grass	several species - mostly well drained soil
<i>Billardiera scandens</i>	Common Apple Berry, Apple Dumpling	fpn	climber	well drained soil
<i>Bossiaea prostrata</i>	Creeping Bossiaea	fpn	prostrate	
<i>Brachyscome cardiocarpa</i>	Swamp Daisy	fp	herbaceous	moist soil
<i>Brachyscome multifida</i>	Cut Leaf Daisy	fp	Herbaceous	
<i>Bulbine bulbosa</i>	Bulbine Lily or Wild Onion	fp	lily	well drained soil
<i>Caesia calliantha</i>	Blue Grass Lily	fp	lily	moist soil
<i>Caesia parviflora</i>	Pale Grass Lily	fp	lily	moist soil
<i>Carex</i> spp.	Sedge	f	sedge	several species - moist soil, prickly
<i>Chrysocephalum apiculatum</i>	Common Everlasting, Yellow Buttons	f	prostrate	well drained soil
<i>Chrysocephalum semipapposum</i>	Clustered Everlasting	fp	prostrate	
<i>Clematis aristata</i>	Austral Clematis, Old Man's Beard	fpn	vigorous climber	
<i>Clematis microphylla</i>	Small-leafed Clematis	fp	climber	
<i>Craspedia variabilis</i>	Common Billy Buttons	fp	herbaceous	moist soil
<i>Crassula helmsii</i>	Swamp Stonecrop	f	herbaceous	moist soil, pond
<i>Cyperus lucidus</i>	Leafy Flat Sedge	p	sedge	moist soil
<i>Desmodium gunnii</i>	Slender Tick-trefoil	p	0.2	moist soil
<i>Dianella longifolia</i>	Pale or Smooth Flax-lily	fp	lily	moist soil
<i>Dianella revoluta</i>	Black Anther or Spreading Flax-lily	fp	lily	well drained soil
<i>Dianella tasmanica</i>	Tasman Flax-lily	pn	lily	moist soil
<i>Dichelachne crinita</i>	Long-hair Plume-grass	fp	grass	well drained soil
<i>Dichondra repens</i>	Kidney Weed	fp	prostrate	well drained soil
<i>Dillwynia cinerascens</i>	Grey Parrot Pea	p	0.5	dry soil
<i>Dillwynia sericea</i>	Showy Parrot Pea	fp	0.5	
<i>Einadia nutans</i>	Nodding or Climbing Saltbush	fp	prostrate	dry soil
<i>Eleocharis acuta</i>	Common Spike-rush	f	Herbaceous	pond
<i>Eleocharis sphacelata</i>	Tall Spike-rush	fp	Herbaceous	pond
<i>Enchylaena tomentosa</i>	Barrier or Ruby Saltbush	fp	prostrate	dry soil
<i>Gahnia sieberiana</i>	Red-fruited Saw-sedge	fpn	sedge	moist soil
<i>Geranium solanderi</i>	Austral Crane's Bill	p	herbaceous	well drained soil

Plant size and conditions are an indication only and may vary with individual plants

Plant Listing

Species	Common Name	Conditions	Size (metres) or type of plant	Soil type & Other information
<i>Glycine clandestina</i>	Twining Glycine	pn	climber	well drained soil
<i>Glycine tabacina</i>	Vanilla or Variable Glycine	fp	climber	well drained soil
<i>Hardenbergia violacea</i>	Purple Coral Pea, False Sarsaparilla	fp	vigorous climber	well drained soil
<i>Helichrysum scorpioides</i>	Curling or Button Everlasting	fp	herbaceous	well drained soil
<i>Isolepis nodosa</i>	Knobby club-rush	fp	rush	pond
<i>Joycea pallida</i>	Red Anther Wallaby Grass	fp	grass	well drained soil
<i>Juncus</i> spp.	Juncus, Rush	fp	rush	several species, moist soil
<i>Kennedia prostrata</i>	Running Postman, Scarlet Runner	fp	prostrate	well drained soil
<i>Lagenophora gracilis</i>	Slender Bottle Daisy	fp	herbaceous	damp well drained soil
<i>Lagenophora stipitata</i>	Blue Bottle Daisy	fp	herbaceous	moist soil
<i>Leptorhynchos squamatus</i>	Scaly Buttons	fp	herbaceous	well drained soil
<i>Leptorhynchos tenuifolius</i>	Wiry Buttons	fp	herbaceous	well drained soil
<i>Leucochrysum albicans</i>	Hoary Sunray	fp	herbaceous	well drained soil
<i>Linum marginale</i>	Native or Wild Flax	fp	herbaceous	moist soil
<i>Lomandra filiformis</i>	Wattle Mat-rush	fp	sedge	moist soil
<i>Lomandra longifolia</i>	Spiny-headed Mat-rush	fpn	sedge	well drained soil
<i>Lythrum salicaria</i>	Purple Loosestrife	f	herbaceous	moist soil
<i>Mazus pumilio</i>	Swamp Mazus	fpn	herbaceous	moist soil
<i>Mentha australis</i>	River Mint	fpn	herbaceous	moist soil
<i>Microlaena stipoides</i>	Weeping Grass	fp	grass	well drained soil
<i>Microseris lanceolata</i>	Yam Daisy, Native Dandelion	p	herbaceous	well drained soil
<i>Myriophyllum crispatum</i>	Water-milfoil	fp	herbaceous	moist soil, pond
<i>Neopaxia australasica</i>	White Purslane	fp	herbaceous	moist soil, pond
<i>Nicotiana suaveolens</i>	Scented or Austral Tobacco	p	herbaceous	well drained soil
<i>Patersonia occidentalis</i>	Long Purple-flag	fp	iris	
<i>Pelargonium australe</i>	Austral Stork's Bill	fp	herbaceous	well drained soil
<i>Pelargonium inodorum</i>	Kopata	fp	herbaceous	well drained soil
<i>Persicaria decipiens</i>	Slender Knotweed	fpn	herbaceous	moist soil
<i>Pimelea humilis</i>	Common or Small Rice-flower	fp	0.5	well drained soil
<i>Platylobium obtusangulum</i>	Common Flat-pea	fp	0.5	well drained soil
<i>Poa ensiformis</i>	Purple-sheath Tussock Grass	pn	grass	
<i>Poa labillardierei</i>	Common Tussock Grass	fpn	grass	
<i>Poa morrisii</i>	Velvet Tussock Grass	fp	grass	moist soil
<i>Poa sieberiana</i>	Tussock Grass	fp	grass	
<i>Podolepis jaceoides</i>	Showy Podolepis	fp	herbaceous	well drained soil
<i>Ptilotus spathulatus</i>	Pussy Tails	f	herbaceous	well drained soil
<i>Ranunculus inundatus</i>	River Buttercup	fp	prostrate	pond
<i>Rubus parvifolius</i>	Native Raspberry	pn	climber	well drained soil
<i>Scutellaria humilis</i>	Dwarf Skull Cap	fpn	herbaceous	moist soil
<i>Solenogyne gunnii</i>		p	herbaceous	moist soil
<i>Stylidium graminifolium</i>	Grass Trigger-plant	fp	lily	moist soil
<i>Teucrium racemosum</i>	Grey Germander	f	herbaceous	moist soil
<i>Themeda triandra</i>	Kangaroo Grass	fp	grass	
<i>Thysanotus patersonii</i>	Twining Fringe-lily	fp	climber	well drained soil, scrambling habit
<i>Triglochin striata</i>	Streaked Arrowgrass	fp	herbaceous	moist soil
<i>Veronica gracilis</i>	Slender Speedwell	pn	prostrate	moist soil
<i>Veronica plebeia</i>	Creeping or Trailing Speedwell	fpn	prostrate	moist soil

Plant size and conditions are an indication only and may vary with individual plants

Plant Listing

Species	Common Name	Conditions	Size (metres) or type of plant	Soil type & Other information
<i>Viola hederacea</i>	Native or Ivy-leaf Violet	fpn	prostrate	moist soil
<i>Vittadinia cervicularis</i>	New Holland Daisy	f	Herbaceous	
<i>Vittadinia muelleri</i>	Narrow-leaf New Holland Daisy	fp	Herbaceous	
<i>Wahlenbergia communis</i>	Tufted Bluebell	fpn	herbaceous	moist soil
<i>Wahlenbergia gracilis</i>	Sprawling Bluebell	fp	Herbaceous	
<i>Wahlenbergia multicaulis</i>	Tadgell's Bluebell	fp	herbaceous	well drained soil
<i>Wahlenbergia stricta</i>	Tall Bluebell	fp	herbaceous	well drained soil
<i>Xerochrysum viscosum</i>	Sticky Everlasting	fp	herbaceous	well drained soil

**Shrubs and Bushes**

Species	Common Name	Conditions	Size (metres)	Soil type & Other information
<i>Acacia acinacea</i>	Gold Dust Wattle	fp	1	well drained soil
<i>Acacia genistifolia</i>	Spreading Wattle	fp	2	Prickly
<i>Acacia myrtifolia</i>	Myrtle Wattle	fpn	2	moist soil
<i>Acacia paradoxa</i>	Hedge Wattle, Kangaroo Thorn	fp	3	Prickly
<i>Acacia stricta</i>	Hop Wattle, Straight Wattle	fpn	3	
<i>Acacia verticillata</i>	Prickly Moses	p	3	Prickly
<i>Banksia spinulosa</i>	Hairpin Banksia	fp	3	well drained soil
<i>Bursaria spinosa</i>	Sweet Bursaria, Blackthorn	fp	3	Prickly
<i>Callistemon sieberi</i>	River Bottlebrush	fp	3	
<i>Cassinia aculeata</i>	Common Cassinia, Dogwood	p	3	moist soil
<i>Cassinia arcuata</i>	Drooping Cassinia, Chinese Scrub	fp	2	well drained soil
<i>Coprosma quadrifida</i>	Prickly Currant Bush	pn	2	moist soil
<i>Correa glabra</i>	Rock or Smooth Correa	fpn	1	well drained soil
<i>Correa reflexa</i>	Native Fuchsia, Common Correa	fpn	1	well drained soil
<i>Daviesia latifolia</i>	Hop Bitter-pea	fp	1	
<i>Daviesia leptophylla</i>	Narrow Leaf or Slender Bitter-pea	fp	1	
<i>Dodonaea viscosa</i>	Wedge-Leaf Hop Bush	fp	2	well drained soil
<i>Goodenia ovata</i>	Hop Goodenia	fpn	1	moist soil
<i>Goodia lotifolia</i>	Golden Tip, Clover Tree	fp	2	well drained soil, cannot tolerate alkaline soil
<i>Gynatrix pulchella</i>	Hemp Bush	p	3	moist soil
<i>Hakea decurrens</i>	Silky Hakea, Bushy Needlewood	fp	3	Prickly
<i>Hakea ulicina</i>	Furze Hakea	fp	2	well drained soil, prickly
<i>Hibbertia obtusifolia</i>	Showy or Grey Guinea-flower	p	0.5	well drained soil
<i>Indigofera australis</i>	Austral Indigo	fpn	2	well drained soil
<i>Kunzea ericoides</i>	Burgan	fp	3	
<i>Leptospermum continentale</i>	Prickly Tea-tree	fp	3	Prickly
<i>Leptospermum lanigerum</i>	Woolly Tea-tree	fp	4	moist soil
<i>Melaleuca ericifolia</i>	Swamp Paperbark	fp	5	moist soil
<i>Melicytus dentatus</i>	Tree Violet	fp	3	well drained soil, prickly
<i>Olearia lirata</i>	Snowy Daisy-bush	pn	3	moist soil
<i>Olearia myrsinoides</i>	Silky Daisy-bush	fp	1	well drained soil
<i>Olearia ramulosa</i>	Twiggy Daisy-bush	fp	1	well drained soil
<i>Ozothamnus ferrugineus</i>	Tree Everlasting	fp	3	well drained soil
<i>Platylobium formosum</i>	Handsome Flat-pea	fp	1	well drained soil, scrambling habit
<i>Pomaderris aspera</i>	Hazel Pomaderris	pn	5	moist soil

Plant Listing

Species	Common Name	Conditions	Size (metres)	Soil type & Other information
<i>Pomaderris racemosa</i>	Slender or Cluster Pomaderris	fpn	3	well drained soil
<i>Prostanthera lasianthos</i>	Victorian Christmas Bush	fpn	3	moist soil
<i>Pultenaea gunnii</i>	Golden Bush-pea	fp	1	well drained soil
<i>Solanum aviculare</i>	Kangaroo Apple	fpn	2	well drained soil, fast growing - requires pruning
<i>Solanum laciniatum</i>	Large Kangaroo Apple	fpn	2	fast growing - requires pruning
<i>Spyridium parvifolium</i>	Australian Dusty Miller	pn	2	well drained soil
<i>Viminaria juncea</i>	Native Broom, Golden Spray	fp	5	moist soil, fast growing - requires pruning

**Trees**

Species	Common Name	Conditions	Size (metres)	Soil type & Other information
<i>Acacia dealbata</i>	Silver Wattle	fp	30	moist soil
<i>Acacia implexa</i>	Lightwood, Hickory Wattle	fp	10	
<i>Acacia leprosa</i>	Cinnamon Wattle	pn	8	
<i>Acacia mearnsii</i>	Black Wattle	fpn	25	well drained soil
<i>Acacia melanoxylon</i>	Blackwood	fp	30	moist soil
<i>Acacia pycnantha</i>	Golden Wattle	fp	5	well drained soil
<i>Allocasuarina littoralis</i>	Black Sheoke	fp	6	well drained soil
<i>Allocasuarina verticillata</i>	Coast or Drooping Sheoke	f	10	well drained soil
<i>Eucalyptus species</i>	There are several species of Eucalypt that are indigenous to the area, however most are unsuitable for planting in suburban gardens. Please visit the nursery and select from appropriate stock
