### DETAILS

Chairman Lyndon Webb introduced Jeff Amos, Major of the Shire of Wellington, as our guest speaker for the night. Jeff, with the use of a power point presentation, gave an excellent insight to the future of the shire.

He spoke at length on the ongoing Nylex issue and was able to highlight the efforts, not only by council, but various groups and individuals hoping to secure Nylex in Sale. He then went on to talk on projects being completed within the Wellington Shire, some of these projects are

- Port Albert redevelopment,
- Rosedale Multipurpose Community Centre,
- Heyfield Memorial Hall redevelopment,
- Stratford Mechanics Institute Hall.

Jeff then spoke on the council sponsored program, The Small Business Mentoring Program. This program has proved to be a resounding success story as it has built up a database linking prospective small business operators to Business mentors, in the first 6 months there were some 59 persons using the mentoring program. President Col who remarked on the excellent presentation thanked Jeff

### JUST FOR FUN

A man having a meaningful discussion with his wife said to her: "I don't know how you can be so stupid and so beautiful all at the same time." The wife patiently responded: "God made me beautiful so you would be attracted to me. God made stupid so I would be attracted to you."

It was a lovely summer's day and George told his wife he was going to sunbathe in the back yard. "I wonder what the neighbors would say if I sunbathed in the nude?" he asked as he moved outdoors. Came the reply: "They would say that I married you for your money."
