MEETING NOTES

Date: Monday August 23rd.

Chair: Peter Synan

Sergeant: John Elliman

Raffle: Chris Harrison

Door: Noel Langley/ Max Morrison

DETAILS

Chair, Peter Synan introduced Alan Lewis to the meeting, Alan was not only the City of Sale Engineer during the time of the redevelopment of the Sale shopping precinct but also a former Rotarian with our club. It is now 20 years since The Gippsland Centre was opened and Alan was instrumental in this development, as Alan commented there was a huge backlash from those opposed to the development and this was felt at the ensuing council elections. A consortium of a Japanese based company, Pak-Poy Kumagia and the City of Sale built the shopping centre. The project was built and came in at only 9% over Budget. Alan's presentation was supported by a video of the construction of the centre featuring the faces of many of Sale's citizens that are no longer with us. Also produced, was a second video, this video was produced as a thank you to all the businesses and individuals that took part in what has proven to be asset of immeasurable value to the City of Sale at the time as it is with the Wellington Shire. Alan answered questions after his presentation after which President Col presented him with momento of his night with us.

WORDS OF WISDOM

The great thing about-based decisions is that they overrule the hierarchy. The most junior person in the company can win an argument with the most senior person with regard to a fact-based decision. For intuitive decisions, rely on experienced executives who've honed their instincts. - Jeff Bezos

THE FINE SESSION

Our sergeant for tonight was John Elliman and of all people to fine first up, was, the Bulletin Editor, haven't you heard the pen is mightier than the sword, John, I can wait.

- ◆ Kevin Maxfield – Wife spends more time on T.V than at work.
- ◆ Sam Gould – Nodding Off while the Guest speaker was on.
- ◆ Lyndon Webb- John spends more time explaining Local Gov't By-laws than selling houses.
- ◆ Chris Harrison- Keith thought she was lost for words, never.
- ◆ Stan Elliman- Speed demon on his scooter.
- ◆ Sandy Roberts- forgets to turn the microphone on.

JUST FOR FUN

◆ Here is the definition of intelligence;
Two football fans were having a discussion. One was a Carlton supporter and the other Collingwood. The Carlton supporter said that it was not true that Carlton fans did not like Collingwood barrackers. “Why, you can go to the football and meet a Carlton supporter and he will take you home to dinner, share his bed with you and in the morning give you a lovely breakfast”.

“Did that happen to you?” was the question. Came the reply: “No, but it happened to my sister.”

- ◆ You should never worry about avoiding temptation. As you get older temptation begins to avoid you.
